

Communications Engineering, Inc.
Authorized Microsoft Partner

Microsoft Surface Hub Leasing Programs from CEI for as low as \$310. per month*

Communications Engineering, Inc., (CEI) a premier, full-service, broadcast, A/V, media IT systems engineering and implementation company with over 30-years of experience, is proud to offer a Lease-to-Own program for Microsoft Surface Hub products, accessories and service plans.

We offer tailored leasing options to meet each customer's customized requirements.

- Our leases can cover 100% of the costs of obtaining and deploying Microsoft Surface Hub products, including any desired accessories, services, or third party equipment required to meet your application.
- The quoting, documentation and credit approval process is quick and simple.
- Our goal is to exceed your expectations in all ways possible.

CEI is an official Microsoft Surface Hub partner in the United States, and a certified reseller of Microsoft Surface Hub products, accessories and service plans.
